l SEC. 2. FINDINGS; PURPOSE.

- 2 (a) FINDINGS.—Congress finds as follows:
- 1) Health insurance coverage reduces harmful racial, economic, gender, and health inequities by alleviating cost barriers to, and increasing utilization of, necessary health care services, especially among low-income and underserved populations.
 - (2) Based solely on their immigration status, many immigrants and their families face legal and policy restrictions on their ability to obtain affordable health insurance coverage through Medicaid, the Children's Health Insurance Program (CHIP), and the health insurance exchanges.
 - (3) Lack of health insurance coverage contributes to persistent inequities in the prevention, diagnosis, and treatment of health conditions. This leads to negative health outcomes for immigrants and their families, especially Black, Indigenous, Latinx, Asian, Pacific Islander, and other Immigrants of Color.
 - (4) Black immigrant women often cite cost as a major barrier to health care. Many who are undocumented forgo doctor visits altogether due to the financial burden in addition to consistent racial bias by medical practitioners and racism in health care.

(5) Nearly half of immigrant women are of re-
productive age. Immigrant women, lesbian, gay, bi-
sexual, transgender, and queer (LGBTQ) immi-
grants, and immigrants with disabilities dispropor-
tionately live in households with low incomes and
lack health insurance coverage. Legal and policy bar-
riers to affordable health insurance coverage signifi-
cantly exacerbate their risk of negative pregnancy-
related and other reproductive and sexual health
outcomes, with lasting health and economic con-
sequences for immigrant women, LGBTQ immi-
grants, immigrants with disabilities, and their fami-
lies and society as a whole.

(6) Immigrants who identify as LGBTQ experience compounding discrimination from health care providers and systems based on race and ethnicity, primary language, immigration status, sexual orientation, and gender identity. Nearly one in five transgender patients have been refused care due to their gender non-conforming status, and providers have denied care to undocumented immigrants because of immigration status. These inequities are exacerbated by legal and policy barriers that restrict access to health coverage on the basis of immigration status, exposing LGBTQ immigrant commu-

	1
1	nities to disproportionate gaps in affordable, com-
2	prehensive health care. These compounding barriers
3	are especially harmful for LGBTQ immigrants who
4	are escaping interpersonal and state violence due to
5	their sexual orientation and gender identity.
6	(7) Denying health insurance coverage or im-
7	posing waiting periods for health insurance coverage
8	on the basis of immigration status unfairly hinders
9	immigrants' ability to reach and maintain their opti-
10	mal levels of health and undermines the economic
11	well-being of their families.
12	(8) International human rights standards hold
13	that governments have an affirmative obligation to
14	ensure that everyone, including immigrants, can ac-
15	cess safe, respectful, culturally and linguistically ap-
16	propriate, and high-quality pregnancy-related care,
17	including postpartum care, free from discrimination
18	or violence. Medicaid is the nation's single largest
19	payer for pregnancy-related care. Nevertheless, bar-
20	riers to health coverage persist for pregnant and
21	postpartum people, particularly immigrants.
22	(9) Immigrants—especially Black, Indigenous,
23	Latinx, Asian, and Pacific Islander immigrants—are
24	among those most harmed by the United States'

pregnancy-related morbidity and mortality epidemic,

25

1 which is the worst among high-income nations. 2 Black people are nearly four times more likely than 3 white people to suffer pregnancy-related death, and 4 twice as likely to suffer maternal morbidity. Indige-5 nous people are two and a half times more likely 6 than white people to die from a pregnancy-related 7 death. The majority of United States pregnancy-re-8 lated deaths are preventable. Lack of access to 9 health care, immigration status, poverty, and expo-10 sure to racism, sexism, and xenophobia in and be-11 yond the health care system contribute to the dis-12 proportionately high number of pregnancy-related deaths among BIPOC birthing and postpartum peo-13 14 ple. Unnecessary barriers that limit pregnant and 15 postpartum immigrants' access to health care under-16 mine their health, safety, and human rights. 17 (10) One in seven United States residents is 18 foreign-born, approximately one in four children in 19 the United States has at least one immigrant par-20 ent, and the population of immigrant families in the 21 United States is expected to continue to grow in the 22 coming years. It is therefore in our collective public 23 health and economic interest to remove legal and

policy barriers to affordable health insurance cov-

erage that are based on immigration status.

24

25

1	(11) Although individuals granted relief under
2	the Deferred Action for Childhood Arrivals (DACA)
3	program are authorized to live and work in the
4	United States, they have been unfairly excluded
5	from the definitions of lawfully present and lawfully
6	residing for purposes of health insurance coverage
7	provided through the Department of Health and
8	Human Services, including Medicaid, CHIP, and the
9	health insurance exchanges.
10	(12) Since immigration law evolves constantly,
11	new immigration categories for individuals with fed-
12	erally authorized presence in the United States may
13	be created.
14	(13) Some States continue to unwisely restrict
15	Medicaid access for immigrants who have long re-
16	sided in the United States, fueling significant health
17	inequities and increasing health care costs for indi-
18	viduals and the public.
19	(14) Congress restored Medicaid eligibility for
20	individuals living in the United States under the
21	Compacts of Free Association as part of bipartisan
22	legislation in December 2020 and should build on
23	that success by ensuring all immigrants can access
24	care.
25	(b) Purpose.—It is the purpose of this Act to—

1	(1) ensure that all individuals who are lawfully
2	present in the United States are eligible for all fed-
3	erally funded health care programs;
4	(2) advance the ability of undocumented indi-
5	viduals to obtain health insurance coverage through
6	the health insurance exchanges established under
7	part II of the Patient Protection and Affordable
8	Care Act, Public Law 111–148;
9	(3) eliminate the authority for States to restrict
10	Medicaid eligibility for lawful permanent residents;
11	and
12	(4) eliminate other barriers to accessing Med-
13	icaid, CHIP, and other medical assistance.
14	SEC. 3. REMOVING BARRIERS TO HEALTH COVERAGE FOR
15	LAWFULLY RESIDING INDIVIDUALS.

8	this title (other than the requirement of the re-

18	sistance under title XIX, or a State child health plan
19	under title XXI, of the Social Security Act which the
20	Secretary of Health and Human Services determines
21	requires State legislation (other than legislation ap-
22	propriating funds) in order for the plan to meet the
23	additional requirements imposed by the amendments
24	made by this section, the respective State plan shall
25	not be regarded as failing to comply with the re-

1	quirements of such title solely on the basis of its
2	failure to meet these additional requirements before
3	the first day of the first calendar quarter beginning
4	after the close of the first regular session of the
5	State legislature that begins after the date of enact-
6	ment of this Act. For purposes of the previous sen-
7	tence, in the case of a State that has a 2-year legis-
8	lative session, each year of such session shall be
9	deemed to be a separate regular session of the State
10	legislature.
