The Honorable Rosa L. DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the UW Institute for Innovations in Drug Disposition and Delivery (I2D3) project in Fiscal Year 2027. The entity to receive funding for this project is the University of Washington, located at 301 Gerberding Hall, Seattle, Washington 98195.

The funding would be used to establish a new research institute. I2D3 will leverage emerging technologies to better predict how a drug will interact with the human body and expedite the process between bench development to safe, useful therapy for public use. The project is an appropriate use of taxpayer funds because it will shorten drug development timelines by years, reduce costs and accelerate delivery of safe therapies to patients.

The project has a federal nexus because the funding provided is for purposes authorized by Section 272 of Title 15, United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

PRAMILA JAYAPAL
Member of Congress
